- Easy to handle and machine

APPLICATIONS

- Outdoor benches and facilities
- Wet area furniture - Change Rooms
- Pool centres - scum grates
- Other leisure area accessories

Physical Properties

Technical Data	Unit	Value
Specific Gravity	g/cm³	0.97
Minimum/Maximum Service Temperature in Air	°C	-10/+80
Tensile Strength	Mpa	32
Hardness	Rockwell M	65
Co-efficient of thermal expansion	m/(m.k)	$\times 10^{-6}$ 200
Surface Resistivity	Ohms	$>1 \times 10^{16}$
Food Grade	FDA	Yes
Impact Resistance Charpy Notched	KJ/m²	6
